PERMANENT SUPPORTIVE HOUSING *Because of You...*

Step Up participated in the September Annual Meeting of the Clinton Global Initiative in NYC reporting on progress on its 2010 *Commitment to Action* to develop and operate 200 units of permanent supportive housing,

using multiple green technologies, in Hollywood by 2015. The recent Grand Opening of Michael's Village is part of the fulfillment of this commitment! Step Up salutes its CGI partners Shangri-La Construction, Global Philanthropy Group, and United States Green Building Council!

VOCATIONAL TRAINING & PLACEMENT *Because of You...*

Meet Sally, the voice of Step Up. If you have called Step Up in the past six months you may have spoken with Sally. Sally is one of Step Up's receptionists under the Vocational Training Program. Sally, a longtime Step Up participant, even having served on the Board of Directors in the early years, credits Step Up with helping her find permanent housing over 20 years ago when she was about to be homeless and where she still resides today. At one point, Sally worked in Fresh Start Market and was again feeling the need to connect with others and do something productive. She reached out to the Step Up vocational team and with training she was placed in reception. "I enjoy my job tremendously, and I hope to be working for as long as possible." We hope so too! Thank you and a salute to you, Sally!
